ä,-æ-‡â@€æ•pdf - Oracle Corporation is an American multinational computer technology corporation headquartered in Redwood Shores, California. The company specializes primarily in developing and marketing database software and technology, cloud engineered systems, and enterprise software products â€œ” particularly its own brands of database management systems. Oracle Corporation - Wikipedia - The world is moving to UTF8, MySQL 8.0 has utf8mb4 charset as default now, but, to be honest, I was pretty surprised how sensible the "charset" related topic could be.. -- in fact you may easily hit huge performance overhead just by using an "odd" config settings

around your client/server
charset and collation.
MySQL Performance : 8.0
and UTF8 impact â€œ
